A healthy colon is essential to good health, which makes colon cleansing a must. Everything we eat ends up in our bowels and toxins are produced. As these toxins build up, we end up with various diseases, such as being overweight, constipation and Candida.

There are so many colon cleansers in the market and there can be confusion as to which one is the most effective in cleansing. This is why we took the guess work out of it and formulated colon complex.

Colon complex is made from all natural ingredients that gently help cleanse the intestinal tract. Our special formulation is not a drug and helps prevent the accumulation and build-up of gas and prevent abdominal cramping. Our gentle formula helps start to loosen the accumulated waste and feces while killing off harmful bacteria, parasites and gently removes it over a number of bowel movements.

Available in 90 count bottles

Suggested Use: As a dietary supplement, adults take one (1) capsule three (3) times daily with 8 oz. of water. Do not exceed three (3) capsules daily.
